**To the Central Committee of  
Communist Party of Greece**

Dear comrades,

The Communist Party of Brazil welcomes the holding of the 19<sup>th</sup> Congress of KKE, his achievement comes at a time of great importance to the struggle of workers and the Greek people.

Each year, it becomes clearer that the systemic and structural crises of capitalism will find no progressive way out within the framework of capitalism per se. The solution to the crisis foreseen by the imperialist powers is more war, with increasing oppression and exploitation of peoples.

Under the impacts of the crisis through which runs the capitalist system, European governments, among them Greek, have placed the costs of economic and financial crisis on workers, drawing rights, undermining the work. Extend to policies and xenophobic action against the peoples around the world.

In Latin America, and especially in Brazil, there is a democratic and progressive process, with a significative accumulation of forces by the revolutionary and anti-imperialist parties and movements.

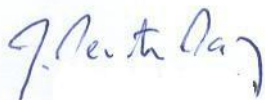

The Communist Party of Brazil is convinced that the achievement of the 19th Congress of the Communist Party of Greece, will contribute to strengthening the KKE as a force for social transformation and the strengthening of the struggle of Greek workers and people against imperialism, for social progress, peace and socialism.

We wish success in the Congress.

Long live the Communist Party of Greece!

Long live the friendship between Communist Party of Brazil and Communist Party of Greece!

Fraternal greetings,

Renato Rabelo  
National President of PCdoB

Ricardo Alemão Abreu  
Secretary of International Relations of PCdoB
